RULING ON ENTITLEMENT¹

On October 15, 2019, Silvia Stitt filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that an influenza (“flu”) vaccination that she received in her left arm on October 3, 2017 caused a Shoulder Injury Related to Vaccine Administration (SIRVA). Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On January 5, 2021, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. Specifically, it is Respondent’s position that Petitioner’s alleged injury is consistent with SIRVA of the left arm and that it meets the requirements of a Table injury claim for SIRVA.

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims’ website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

Id. at 4. Respondent further agrees that there are no other causes for Petitioner's left arm injury and that she suffered the sequela of this injury for more than six months. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
